

APPEAL NO. 032633
FILED NOVEMBER 26, 2003

This appeal arises pursuant to the Texas Workers' Compensation Act, TEX. LAB. CODE ANN. § 401.001 *et seq.* (1989 Act). A contested case hearing (CCH) was held on September 23, 2003. The hearing officer resolved the disputed issues by deciding that the appellant (claimant) did not sustain a compensable injury on _____, and that she did not have disability. The claimant appeals, contending that more diagnostic tests are needed to evaluate her condition. No response was received from the respondent (carrier).

DECISION

Affirmed.

The claimant had the burden to prove that she sustained a compensable injury as defined by Section 401.011(10) and that she had disability as defined by Section 401.011(16). Conflicting evidence was presented at the CCH. The hearing officer is the sole judge of the weight and credibility of the evidence. Section 410.165(a). As the finder of fact, the hearing officer resolves the conflicts in the evidence and determines what facts have been established. Although there is conflicting evidence in this case, we conclude that the hearing officer's decision that the claimant did not sustain a compensable injury is supported by sufficient evidence and is not so against the great weight and preponderance of the evidence as to be clearly wrong and unjust. Cain v. Bain, 709 S.W.2d 175 (Tex. 1986). The hearing officer did not err in determining that the claimant has not had disability because without a compensable injury, the claimant would not have disability as defined by Section 401.011(16).

We affirm the hearing officer's decision and order.
